

# NO POWER GREATER

## MARXISM & THE WORKING CLASS

The Occupy Movement has brought class politics to the front and center of the national discussion about what is wrong with society, and how it can be changed. What do Marxists say about class? Who is in the working class, and why does it matter? Do unions still matter? How can workers organize today?

Please join this discussion, hosted by the Pilsen branch of the **International Socialist Organization**, to hash out these questions and more.
